

# TKA CHEER INFO 2022-2023

## Important Dates

### Is our cheer family for you?

The King's Academy cheer program takes pride in building team unity, school relations, and respect for TKA athletics in a fun, hard-working environment. Cheerleaders are trained to be accountable for their actions through commitment and responsibility.

Our program demonstrates unity by attending camp together, wearing the same practice clothes, uniforms and practicing as a program, instead of individuals.

Our main focus is to be cheer "leaders," not cheer "followers." We aim to exemplify Christ-like leadership in an exciting and admirable manner. Our cheer family is a great one!!! Don't be shy... Join us today!
